About	Postdoctoral researcher in Mathematics, generally interested in algebraic geometry and representation theory, and particularly interested in the homological algebra of t-structures and stability conditions.	
Appointments	Neville Research Fellow , Magdalene College, Cambridge JRF in Pure Mathematics.	Oct 2026 –
Education	PhD in Mathematics , University of Glasgow	2026
	Thesis title ‘ <i>Bricks and Stones in the Homological Minimal Model Programme</i> ’.	
	MMath (Part III) , University of Cambridge	2022
	Merit. Essay title ‘ <i>Derived equivalences in Algebra and Geometry</i> ’.	
Awards	BA in Mathematics , University of Cambridge	2021
	First class honours.	
	ERC Scholarship , European Research Council	2022
	Award towards doctoral education.	
	Stephen Hawking Award , Gonville and Caius College, Cambridge	2021
	Examination Prize , Gonville and Caius College, Cambridge.	2019, 2021
	Cambridge Trust Scholarship , Cambridge Trust	2018
Publications & preprints	Award of £40,000 towards undergraduate education.	
	Overseas scholarship , Gonville and Caius College, Cambridge	2018
	Award of £40,000 towards undergraduate education.	
	Torsion pairs and 3-fold flops	2025
	<i>Preprint.</i> arXiv:2502.05146	
Select talks (invited)	Simple complexes on a flopped curve	2025
	<i>Preprint.</i> arXiv:2508.06437	
	Kleinian orbifolds, cohomological Hall algebras, and Yangians	2025
	(Joint with F. Sala and O. Schiffmann) <i>Preprint.</i> arXiv:2511.08576	
	Symplectic topology meets representation theory, <i>Cambridge</i> .	Apr 2026
	MAgA Seminar, Universities of Padova and Verona, <i>Verona</i> .	Jan 2026
	Algebraic geometry seminar, University of Cambridge, <i>Cambridge</i> .	Nov 2025
	Mathematics–String theory seminar, Kavli IPMU, <i>Tokyo</i> .	Apr 2025
	Tokyo–Nagoya algebra seminar, University of Tokyo, <i>Tokyo</i> .	Apr 2025
	Algebraic geometry seminar, Tokyo Metropolitan University, <i>Tokyo</i> .	Apr 2025
(contributed)	Algebraic geometry seminar, University of Liverpool, <i>Liverpool</i> .	Mar 2025
	Artin groups meet triangulated categories, MFO, <i>Oberwolfach</i> .	Jan 2024
	Simple-mindedness, silting, and stability, <i>Ambleside</i> .	Jul 2024
Select travels	Research visit to O. Iyama in University of Tokyo	Apr 2025
	Research visit to Y. Ito in Kavli IPMU, Tokyo	Apr 2025
	Mini-workshop “ <i>Artin groups meet triangulated categories</i> ”, Oberwolfach	Jan 2024

Teaching & outreach	Tutor and Demonstrator , University of Glasgow	2022–25
	Ran problem sessions for fourth year (<i>Differential geometry</i>), third year (<i>Metric and topological spaces</i>), and second year (<i>Mechanics, Multivariable calculus, Mathematical methods and modelling, Linear algebra, Graph theory, Discrete mathematics</i>) undergraduate mathematics courses.	
	Tutor , Count me in, University of Edinburgh	
	Co-supervised (with Juliette Bruce) three undergraduates through a six-week research project on <i>Variation of Betti tables on matroid realisation spaces</i> .	2026
	Co-supervised (with Dhruv Ranganathan) two undergraduates through a six-week research project on <i>Computing Euler characteristics of moduli spaces of line arrangements</i> .	2024
	Tutor , Sutton Trust Summer School, Cambridge	2019, 2021
	Ran problem sessions, organised workshops, and conducted mock interviews for university applicants from underrepresented groups.	
Organisation	Algebra, Geometry, and Quantum fields (AGQ) student conference.	2025
	Glasgow–Edinburgh Algebra Research Seminar (GEARS).	2025
	Glasgow Algebra Pre-Seminar (GAPS).	2023, 2024
Other roles	President , The Archimedean (Cambridge University Mathematics Society).	2020, 2021
	Publicity Officer , The Archimedean.	2019
	Social programme coordinator , International Mathematics Olympiad.	2020, 2021
Citizenship	Indian	
Languages	English (<i>native</i>), Marathi (<i>native</i>), Hindi (<i>fluent</i>)	
Email	pas201@cam.ac.uk (<i>professional</i>)
